

Smart Bronze Pack

Maximise resale

Interior & exterior protection

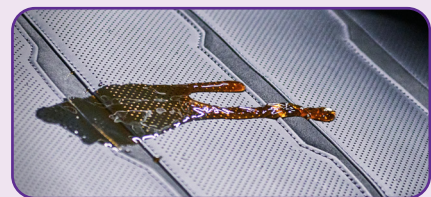

Smart exterior coating

Offers a more sustainable way to protect your car's exterior, resulting in extreme hardness and resistance. Graphene delivers super hydrophobic properties creating an easy-clean, low maintenance surface.

Engineered with nanotechnology to produce distinctive beading which rolls off the surface helping take away dirt, dust and road grime.

Smart interior coating

Creates a barrier against UV damage and staining, meaning that fabric, carpet, vinyl and leather surfaces are treated to protect against discolouration as well as spills and stains.

Truseal tyre, wheel & glass protection

Ceramic alloy wheel protection

Truseal Wheel Protection delivers extreme durability, helping to lock in that factory finish and provide added protection against future UV damage and fading.

Tyre protection

Truseal Tyre Protection adds a durable deep satin finish, enables simple cleaning with soapy water, is silicon free and offers a flexible protective barrier against harmful UV rays.

Glass protection

Truseal Glass Protection increases visibility on your windscreen, creating a highly durable protective layer between glass and the elements.
