

# Rollover Gift Card FAQs

The Rollover Gift Card is a great way to use any unspent living expenses funds on your salary packaging card.

## About the Rollover Gift Card

### What is the Rollover Gift Card?

The Rollover Gift Card is a prepaid Mastercard issued by EML Payment Solutions Limited, ABN 30 131 436 532, AFSL 404131 (EML), the issuer of your Salary Packaging Card. It allows you to use the balance from your Living Expense account to purchase a Rollover Gift Card, giving you an additional 13 months to spend these funds once your current benefit period ends.

### Is the Rollover Gift Card available for all salary packaging benefits?

No. The Rollover Gift Card is available **for Living Expense benefits only**. It cannot be used for **Meal and Entertainment benefits** or any other salary packaging categories. Any funds used to purchase a Rollover Gift Card must come from your Living Expense account.

### When can I purchase a Rollover Gift Card?

The Rollover Gift Card can be purchased when you are approaching the end of the FBT year.

## Card types, fees and limits

### Can I choose between a digital and physical card?

Yes, both digital and physical card options will be available during the purchase process:

- **Digital card:** Issued immediately. You can add the digital card to your mobile wallet for use with Apple Pay, Google Pay or Samsung Pay. Fee: \$6
- **Physical card (includes a digital card):** You'll receive a digital card immediately and a physical card sent by post. You can add the digital card to your mobile wallet and start using it while your physical card is being delivered. Card fees are GST-inclusive and deducted from your Living Expense balance at the time the card is purchased. Fee: \$10

### Are there any minimum or maximum limits on the card?

Yes. A **minimum balance of \$20** is required to purchase a Rollover Gift Card. This amount includes the card purchase fee, which is deducted first, with the remaining balance loaded onto the card.

Each Rollover Gift Card can have a **maximum value of \$2,500**.

If your Living Expense balance exceeds this amount, multiple cards will be issued and the card fee will apply to each card (\$6 for digital cards and \$10 for physical cards, which include a digital card).

## Using your Rollover Gift Card

### Where can I use the card?

You can use the Rollover Gift Card at any merchant that accepts Mastercard prepaid cards, in the same way you use your Salary Packaging Card for Living Expenses. Some merchants may not accept prepaid cards or may fall outside eligible spending categories.

### Can I use the card overseas?

Yes. A **2.99% foreign currency conversion fee** applies to transactions in currencies other than Australian dollars.

### Can I spend more than the balance on the card?

No. Transactions cannot exceed the available balance. If a merchant allows split payments, you may pay the remaining amount using another payment method.

### What option should I select when paying in store using a physical card?

When making an in-store purchase using a physical card, please swipe your card and select '**Credit**' at the point-of-sale terminal.

## Why didn't my physical card work when I tapped the terminal?

Physical Rollover Gift Cards do not support contactless (tap) payments.

Before making your first purchase, your card must be activated.

To make an instore purchase, swipe the card at the terminal, select 'Credit', and enter your PIN.

## Can I withdraw cash or reload the card?
